

-20%
COST

BONUS
first purchase
in 12 months

todylaboratories®
Responsible diagnostic. Since 1993.

We grant 20% BONUS on every first purchase in the last 12 months, for any products ordered and in any quantity

This cost reduction can be maximized by two options:

OPTION 1:

- select the products marked with the above green icon
- increase the quantity to 80% of your annual requirement for **that product**
- the deposit and bonus will be automatically uploaded into your account
- for the rest of your annual requirement for that product, during the year, you send orders only through the stream **consume the bonus**
- after 1 year, the facility will be reactivated for that product

OPTION 2:

- select the product with "code 001" and the description "*generate i) advance invoice and ii) the maximum bonus granted immediately, for future free orders from the streams <advance consumption> and <bonus consumption>*"
- increase the quantity until the value reaches 80% of the annual requirement of **all the products** you plan to buy
- the deposit and bonus will be automatically uploaded into your account
- during the year, send free of charge orders for all products only from the **stream advance consumption and bonus consumption**
- after 12 months, the facility will re-activate for this product, that will allow the generation of bonus for all products

We deliver **best practice** at **economic costs**. For medical laboratories.
